### PROFILE

---

Digital marketer with 3+ years in travel, owning the direct booking channel of a 13-property hotel group and a 200000€ annual budget across paid media, partnerships and agencies. I ran that budget on ROI: weekly reallocation between channels based on performance data, and a direct channel taken from 20% to 70% of revenue in two years against commission-based distribution partners. I have negotiated and managed external partners on both sides of the table, and I am used to turning campaign data into a decision someone has to sign off on. Fluent English, native Italian.

### EXPERIENCE

---

#### Digital Marketing Specialist — Azzurro Club Vacanze

Milano Marittima, Italy | Dec 2022 – Feb 2026 | Hospitality group, 13 four and five star properties

- Managed a **200000€ annual budget** across paid social, Google Ads, email, talent partnerships and agency fees, reallocating it weekly between channels on the basis of Google Analytics and Excel performance dashboards.
- Owned the direct booking channel and took it from **20% to 70% of online revenue** in two years across 13 properties, competing for the same customer against OTAs and metasearch distribution. I know the economics of commission-based distribution from the supply side: what a property pays per booking, and when a paid click is cheaper than a commission.
- Ran acquisition campaigns on Meta Ads and Google Ads alongside email and content, with funnel and conversion optimisation, audience segmentation by property, season and booking history.
- Built the KPI dashboards used to report monthly to group management: channel contribution, cost and return per channel, campaign results and the changes they implied.
- Directed a national talent programme over 4 editions with 28 comedians and 47 collaborations: **32.8 million organic Instagram views** with no paid amplification.
- Tracked that programme by creator, edition and channel. The analysis showed 5 videos out of 43 generated 63% of total reach, and that 2 of the 4 channels we produced for returned 0.2% of it, which changed where production effort and budget went.
- Managed external partners end to end: creative agencies, talent and their management, and property stakeholders with competing priorities.

#### Project Manager — Italy Food PRN (SmmackStudio.it)

Remote | May 2024 – Dec 2025

- Ran an end-to-end editorial project across Instagram, TikTok, Facebook and YouTube, growing the community from zero to 80,000+ organic followers in 18 months.
- Coordinated creators, talent and production agencies, and built marketing plans around the needs of 15+ local stakeholders and partners.

#### Founder — Kolms Hotels

Italy | 2023 – present, alongside full-time roles

- Built and sold a content marketing service for luxury hotels from scratch: **30+ client properties and over 110000€ in contracts**.
- Own the full client relationship: prospecting, pricing, negotiation, delivery and retention.
